

# Come see Arisia's 35mm projection film program.

## What is Arisia?

Since 1990, Arisia has been a fan-run speculative media convention covering all aspects of science fiction, fantasy and related interests. It is run by Volunteers in publications, media, arts, gaming, science and technology who decide its direction and content. Arisia has around 2,200 attendees, including volunteers and program participants; each receives a souvenir book. Events and educational programs occur from Friday through Sunday. Arisia is a Service Mark of Arisia, Inc., a 501(c)(3) non-profit literary organization.

Arisia is the only science fiction convention still running full 35mm projection. We are showing a wide variety of films from old favorites, obscure Eastern European SF, and limited-distribution short subjects, on up to some of the current releases

**Arisia - Boston's Premiere  
Science Fiction Convention**

- January 16, 17, 18, 19, 2009 -
