

Gvidu min al via estro!*

* Guide me to your leader!

Why do nine out of ten aliens speak Esperanto?

- It's four times easier to learn than other Earthly languages!
- It's spoken by two million Earthlings, in almost every country on the planet!
- It's politically neutral — acceptable around the globe!
- It's the only logical choice!

Esperanto: the interplanetary language *that works!*
