Twice Baked Psyche Century Course Markings (Typical)

Special Markings

Welcome to the Twice Baked Psychle Century!
For your convenience we recommend that you
continue driving straight ahead to the second
Villa Rica Middle School entrance.

Turn left if on lap 1, turn right if on lap 2.
14- and 50-mile riders are always on lap 1. 28-, 64-
and 100-mile riders are on lap 1 until they return to
the Villa Rica Middle School SAG stop/start/finish
for the first time and on lap 2 thereafter.

50-, 64- and 100-mile riders: Turn left.
14- and 28-mile riders: Continue straight ahead.

Turn left to pull into the SAG (rest) stop. When you
leave always continue in the same direction in
which you had been going before. (Only exception:
28-mile riders make a U-turn at the Villa Rica
Middle School SAG stop/start/finish.)

(Intersection with no markings)
Continue straight through (because we generally
do not mark intersections with no turns).

Continue straight through this intersection. (Even
though we generally do not mark intersections with
no turns we sometimes make an exception to
reassure you that you are on-course.)

100-mile riders only: On lap 2 you will encounter
one left turn at the end of a downhill. Brake
sufficiently to make the turn.
